彩客新能源科技有限公司

(Incorporated in the Cayman Islands with limited liability)

(Stock Code: 1986)

POSITIVE PROFIT ALERT

This announcement is made by Tsaker New Energy Tech Co., Limited (the "**Company**", together with its subsidiaries, the "**Group**") pursuant to Rule 13.09(2)(a) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "**Listing Rules**") and the Inside Information Provisions (as defined under the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board (the "**Board**") of directors (the "**Directors**") of the Company wishes to inform the shareholders (the "**Shareholders**") and potential investors of the Company that, based on the preliminary review of the unaudited consolidated management accounts of the Group for the six months ended 30 June 2026, the profit for the six months ended 30 June 2026 of the Group is expected to be not less than RMB118.0 million, which would represent a significant increase by not less than RMB88.0 million or 293.3%, as compared to the profit for the six months ended 30 June 2025 of approximately RMB30.0 million. The Group is expected to record a profit attributable to owners of the parent for the six months ended 30 June 2026 of not less than RMB90.0 million, which would represent a significant increase by not less than RMB80.7 million or 867.7%, as compared to the profit attributable to owners of the parent for the six months ended 30 June 2025 of approximately RMB9.3 million. Such increases were mainly attributable to the significant increase in the sales volume and average unit selling price of iron phosphate, the Group's major product in the battery materials segment, for the six months ended 30 June 2026 as compared to that in the same period in 2025 due to the sustained demand growth in the downstream market, which led to an increase in the revenue and gross profit of the Group's battery materials segment and in turn resulted in a positive impact on the profitability of the Group. In addition, the sales volume and average unit selling price of the Group's agricultural chemical intermediate products for the six months ended 30 June 2026 increased as compared with the corresponding period in 2025, resulting in increases in the revenue and gross profit of the Group's dye and agricultural chemical intermediates segment and bringing positive contributions to the Group's profitability.

The information contained in this announcement is only based on a preliminary assessment by the Board based on the information currently available (including the unaudited consolidated management accounts of the Group for the six months ended 30 June 2026), and is not based on any figures or information which have been audited or reviewed by the Company's auditors or reviewed by the audit committee of the Company. Figures and information mentioned in this announcement are in the course of being considered and checked and are therefore subject to adjustments where necessary. The Shareholders and potential investors of the Company should refer to the Group's interim results announcement for the six months ended 30 June 2026, which is expected to be published before the end of August 2026, for details of the financial information and performance of the Group.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the securities of the Company.

By Order of the Board
Tsaker New Energy Tech Co., Limited
GE Yi
Chairman

Hong Kong, 23 July 2026
